FUNDED RESEARCH

Title: Collaborative Research: Human Behavior Before, During, and After Severe Weather Events: In Situ Observations in the U.S. Southeast

Role: Co-PI

Type: Past

Source of Support: NOAA

Location of Project: University of Alabama, Tuscaloosa

Total Award Amount: \$300,000

Title: Collaborative Research: Real-Time, In Situ Observation of Human Behavior and the Use of Probabilistically-Derived Guidance Among Publics in the U.S. Southeast

Role: Co-PI

Type: Past

Source of Support: NOAA

Location of Project: University of Alabama, Tuscaloosa

Total Award Amount: \$300,000

AWARDS AND CERTIFICATIONS

Outstanding Research by a Master’s Student University of Alabama Graduate School, University of Alabama	2019
Outstanding Research by a Master’s Student College of Arts and Sciences, University of Alabama	2019
National Weather Association Television Seal of Approval National Weather Association	2015
